

Inequalities Worksheet

1 a. Solve, and plot the solution set.

$$-2 < 7(4 - d)$$

1 b. Solve, and plot the solution set.

$$7(p - 12) > 1$$

2 a. Solve, and plot the solution set.

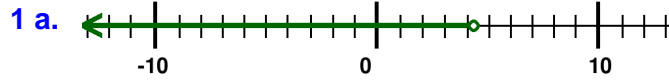

$$-5 - (-7) \leq \frac{p}{6}$$

2 b. Solve, and plot the solution set.

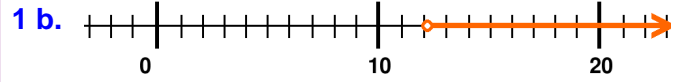

$$6 \geq \frac{4v}{8}$$

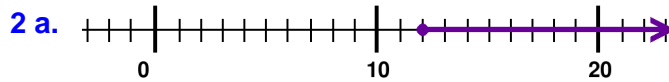

Answer Key

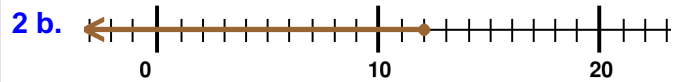

$$d < 4 \frac{2}{7}$$

$$p > 12 \frac{1}{7}$$

$$p \geq 12$$

$$v \leq 12$$
